Unless otherwise provided for in a separate written agreement between the parties, every sale of products of fisionarte S.r.l., VAT 04923990263 (hereinafter, "FISIONARTE") is governed by the following General Conditions of Sale that must be considered as an essential part of this agreement and shall be deemed to have been accepted by the Buyer even though the latter has not signed them. Any clause unilaterally added by the Buyer in the documentation signed by it and/or in its correspondence, being against or in any case in addition to the general conditions or to those specific expressly approved in writing by the Seller, shall be deemed as not written and shall be of no effect.

## 2 – SELLING TERMS

### 2.1 COMPLETION OF THE SALE

The sale is deemed to be completed once the Seller gives the written order confirmation also by fax and/or email or when deliveries are commenced in cases where the immediate delivery of the supply is requested, also in consideration of changes occurred and then accepted by the customer.

### 2.2 PRODUCT CHARACTERISTICS

Any information or data on the characteristics and/or technical specifications of the products contained in leaflets, price lists, catalogues or similar documents shall be binding only to the extent that that data was expressly referred to within the contract. The Seller reserves the right at any time to remove and/or alter the products from what shown, or to make price alteration to the same.

### 2.3 PRICES

The prices indicated always refer to the individual product. The supply always occurs at the price identified in the list and under the commercial terms in place at the date of the order confirmation.

Any new pricelist published replaces and cancels out any previous list. The prices agreed are understood for products delivered ex works of the Seller and do not include services and accessory charges (such as VAT, special packaging, transport and installation costs, and/or assemblages and so on). Packaging costs are included in the price; any special packaging requirements shall be met only at the express request of the buyer and at its expense.

### 2.4 RESERVATION OF TITLE

The Buyer acquires property rights over the goods with the full payment of the price invoiced of the supplies but it takes the risks thereof as of the delivery.

## 3 – DELIVERY TERMS

### 3.1 DELIVERY AND RISK TRANSFER

Products are delivered to the Buyer at the Seller's plant or at another place indicated in writing by the Seller. The risk transfer takes place with the delivery of the goods to the first carrier or Buyer in the events of collection of goods directly carried out by the latter. The products always travel at the Buyer's sole risk also when the carrier is selected and appointed by the Seller, being the latter freed from all responsibilities after having delivered the products to the carrier, this delivery is deemed to all effects being carried out directly by the said Buyer.

### 3.2 DELIVERY TIMES

The delivery times agreed are to be understood as indicative. If the Seller is responsible for delay of delivery for a period of up to 60 days, the Buyer is not entitled either to refuse the supply or to request the termination of the agreement and/or the compensation for any damages.

If the delay in delivery exceeds 60 days, the Buyer is entitled to request – by registered letter – the cancellation of the order and the reimbursement of the advances if paid. In any event, the Seller shall not be liable for and/or direct and indirect damages of any nature and for any reason due to the delay or the failure to carry out the supply.

### 3.3 BUYER'S OBLIGATIONS

The Buyer is required to immediately take delivery of the goods given by the Seller to the carrier, or – where otherwise agreed – to timely collect them at the Seller's plant on the date on which the Seller communicates, by any means, that the goods are ready.

Where the Buyer delays the collection of the goods for a period exceeding 10 days, in addition to the payment of price it shall pay the Seller a proper compensation equal to 2% per day of the price invoiced for storing such products.

## 4 - PRODUCTS FEATURES AND CONDITION OF USE

Unless otherwise expressly agreed in writing by the parties, the conditions for using of the products are those communicated or in any case resulting from the drawings and technical specifications of the Seller, if any. The quality levels of products are the standard quality levels of the Sellers, indicated in the relevant specifications. It is always the Buyer's responsibility to identify and notify the Seller of the conditions of use of products before technically defining them. Failing any particular instructions from the Buyer, the Seller considers as usual conditions of use those it considered or described in its designs and technical documentation.

## 5 - CUSTOMIZED PRODUCTS

The production of special items, with functional, dimensional, decorative, and electrical features that are different from what indicated in the product technical sheet, must be approved by FISIONARTE. The approval will depend on product feasibility and shall entail a specific quotation.

The Seller shall replace the products delivered in this warranty period being faulty due to factory defects or in alternative, at its discretion, pay the Buyer an amount equal to the price already invoiced of the said products, being expressly excluded and waived any other right or claim by the Buyer also as compensation for direct and/or indirect damages or cost repayment borne by it (such as recovery, technical assistance, recalling costs, etc.).

The warranty does not apply where the defects identified are due to the Buyer's negligence and/or to the use of products being not compliant with the information and explanations in any case given by the Seller, technical provisions, to incorrect design, application, assembly or manufacture of the facilities in which they are installed, to incorrect maintenance carried out by unauthorized personnel, to improper cleaning since it is made with materials and manners being not suitable, to incorrect storage, handling and transport, to improper or imprudent use, also in the event of electrical system and its capacity being not suitable, or to circumstances that in any case cannot be related to the production defectiveness by the Seller.

## 7 – PAYMENT CONDITIONS

The Buyer shall carry out the payments normally, in accordance with the terms and conditions specified in the invoice. Any bank charges or fees owed in relation to the payment shall be borne by the Buyer.

For late payments it will be accrued by default without need of further notification interest under Legislative Decree no. 231/2002.

In the event of payment delays, the Seller is entitled to immediately suspend any supply, even though it has concluded other agreements with the same Buyer. The failure to pay within the terms agreed will cause in any event the loss of favourable terms for the Buyer.

## 8 - FORCE MAJEURE

If the Seller is unable to comply with the agreement due to force majeure or beyond its control events, the deadlines set for the supply are automatically extended for a period in which these effects continue. Where the obstacle to comply with the agreement is longer than 6 months, both parties may request the termination of the agreement and, in such event, the Seller repay the Buyer the advances received, if any, releasing itself from any additional obligation on it.

## 9 - DISPUTES

The Court of Treviso shall be held exclusively competent, being any other court of competent jurisdiction expressly excluded, and the Italian Law shall be applicable.

## 10 - PRIVACY

# CONDIZIONI GENERALI DI VENDITA

## 1 – PREMESSA

Salvo deroga risultante da apposito accordo scritto tra le parti, ogni compravendita di prodotti di FISIONARTE S.r.l., P.IVA 04923990263 (di seguito: "FISIONARTE") è regolata dalle seguenti Condizioni Generali di Vendita che costituiscono parte essenziale del contratto e che si intendono pertanto accettate dal Compratore ancorché dallo stesso non sottoscritte. Qualsiasi clausola unilateralmente apposta dal Compratore nei documenti da lui sottoscritti e/o nella sua corrispondenza, che sia contraria o comunque in aggiunta alle seguenti condizioni generali o a quelle speciali espressamente approvate per iscritto dal Venditore, si intende come non scritta ed è priva di ogni effetto.

## 2 – CONDIZIONI DI COMPRAVENDITA

### 2.1 PERFEZIONAMENTO

La compravendita si intende perfezionata con la conferma d'ordine scritta del Venditore anche a mezzo fax e/o posta elettronica o con l'inizio delle consegne per i casi in cui è stata richiesta l'immediata consegna della fornitura anche in presenza di modifiche intervenute e quindi accettate dal cliente.

### 2.2 PRODOTTI

Eventuali informazioni o dati sulle caratteristiche e/o specifiche tecniche dei prodotti contenute in depliant, listini prezzi, cataloghi e/o documenti simili, saranno vincolanti solo nella misura in cui, gli stessi, siano stati espressamente richiamati dal contratto. Il venditore si riserva il diritto di apportare ai prezzi o alle caratteristiche dei prodotti qualsiasi modifica che dovesse risultare necessaria ed opportuna.

### 2.3 PREZZI

I prezzi indicati si riferiscono sempre al singolo prodotto. La fornitura avviene sempre ai prezzi indicati nel Listino ed alle condizioni commerciali in vigore alla data della conferma d'ordine. Eventuale nuovo listino pubblicato sostituisce e annulla qualsiasi listino precedente. I prezzi concordati si intendono per prodotti consegnati franco stabilimento del Venditore e non comprendono prestazioni ed oneri accessori (quali, a titolo esemplificativo, IVA, imballo speciale, spese di trasporto, di installazione e/o montaggi e così via). Il costo dell'imballaggio è compreso nel prezzo. Per eventuali imballaggi speciali si potrà provvedere solamente su espressa richiesta del Compratore e a sue spese.

### 2.4 RISERVA DI PROPRIETÀ

Il Compratore acquista la proprietà della merce solo con il pagamento integrale del prezzo fatturato delle forniture ma ne assume i rischi dal momento della consegna.

## 3 – CONDIZIONI DI CONSEGNA

### 3.1 CONSEGNA E RISCHIO

La merce viene consegnata al Compratore presso lo stabilimento del Venditore o in altro sito dallo stesso indicato per iscritto. Il trasferimento del rischio avviene con la consegna della stessa al primo vettore o al Compratore nelle ipotesi di ritiro della merce da quest'ultimo direttamente eseguita. La merce viaggia sempre a rischio esclusivo del Compratore anche quando il vettore dovesse essere scelto ed incaricato dal Venditore, essendo quest'ultimo liberato da ogni responsabilità con la consegna dei prodotti al vettore, che ad ogni effetto si intende eseguita a mani dallo stesso Compratore.

### 3.2 TEMPI DI CONSEGNA

I termini di consegna pattuiti si intendono indicativi. In caso di ritardo nella consegna imputabile al Venditore per un periodo fino a 60 gg. il Compratore non ha il diritto di rifiutare la fornitura, né di richiedere la risoluzione del contratto e/o il risarcimento di alcun danno. Se il ritardo nella consegna supera il termine di 60 gg il Compratore ha la facoltà di richiedere – con lettera raccomandata – l'annullamento dell'ordine e la restituzione degli anticipi eventualmente versati. Resta in ogni caso escluso qualsivoglia obbligo del Venditore di risarcimento danni diretti e/o indiretti di qualsiasi natura e per qualsiasi ragione, in dipendenza del ritardo ovvero della mancata esecuzione della fornitura.

### 3.3 OBBLIGHI DEL COMPRATORE

Il Compratore è tenuto a prendere immediatamente in consegna i prodotti affidati dal Venditore al vettore, ovvero – se diversamente concordato – a puntualmente ritirarli presso lo stabilimento del Venditore alla data di comunicazione di merce pronta che potrà avvenire con ogni mezzo da parte del Venditore. Ove il Compratore ritardi il ritiro dei prodotti per un periodo superiore a 10 gg, oltre al pagamento del prezzo deve corrispondere al Venditore un adeguato compenso pari al 2% al giorno dell'importo fatturato per il magazzino degli stessi.

## 4 - CARATTERISTICHE E UTILIZZO DEI PRODOTTI

Salvo diverso ed espresso accordo scritto tra le parti, i parametri funzionali dei prodotti sono quelli espressi comunicati o comunque risultanti nei disegni e specifiche tecniche del Venditore se esistenti. I livelli di qualità dei prodotti forniti sono quelli standard del Venditore, evidenziati nelle relative specifiche. E' onere del Compratore individuare e comunicare al Venditore le condizioni di utilizzo dei prodotti prima della relativa definizione tecnica. In mancanza di indicazioni da parte del Compratore il Venditore considera condizioni di utilizzo quelle di prassi dallo stesso considerate o esplicitate nei propri disegni e documentazione tecnica.

## 5 - PRODOTTI SPECIALI

La realizzazione di prodotti speciali, con parametri funzionali, dimensionali, decorativi, elettrici, etc differenti rispetto a quanto riportato nelle schede tecniche di ogni prodotti, dovrà essere approvata da FISIONARTE in relazione alla fattibilità e sarà soggetta a quotazione specifica.

## 6 - GARANZIE

I prodotti forniti sono coperti da garanzia per difetti di materiale e/o fabbricazione per un periodo di 24 mesi dalla consegna. Eventuali difettosità o non conformità dei prodotti devono essere segnalate dal Compratore per iscritto al Venditore – a pena di decadenza – entro e non oltre 8 gg dalla data di ricevimento della merce; eventuali difetti occulti devono essere segnalati dal Compratore per iscritto al Venditore – sempre a pena di decadenza – entro 8 gg dalla relativa scoperta. Il Venditore sostituisce i prodotti resi in detto periodo di garanzia e riconosciuti difettosi per vizi d'origine ovvero in alternativa ed a sua scelta accredita al Compratore una somma pari al prezzo già fatturato dei prodotti stessi, restando espressamente escluso e rinunciato qualsiasi diverso diritto o pretesa del Compratore anche a titolo di risarcimento danni diretti e/o indiretti o di rimborso di costi dallo stesso sostenuti (quali, a titolo esemplificativo costo di riprese, di assistenza tecnica, di richiamo, ecc.). La garanzia non opera ove i difetti rilevati siano imputabili a negligenza del Compratore e/o ad impiego dei prodotti non conforme con le informazioni e le spiegazioni in ogni caso fornite dal Venditore, alle prescrizioni tecniche, ad errata progettazione, applicazione, montaggio o fabbricazione delle strutture ove sono installati, ad errata manutenzione operata da personale non autorizzato, a pulizia impropria in quanto effettuata con modalità o materiali non idonei, ad errato magazzinaggio, movimentazione e trasporto, ad uso improprio od incauto, anche in caso di impianto elettrico e portata dello stesso non idonea, ovvero a circostanze che comunque non possono ricollegarsi a difettosità di produzione da parte del Venditore.

## 7 – CONDIZIONI DI PAGAMENTO

Il compratore deve effettuare i pagamenti normalmente con le modalità e nei termini precisati in fattura salvo diverso accordo, eventuali spese o commissioni bancarie dovute in relazione al pagamento saranno a carico del Compratore. Sui ritardati pagamenti decorreranno, di pieno diritto e senza necessità di costituzione in mora, gli interessi di cui al D.lgs. n. 231/2002. In caso di ritardo dei pagamenti il Venditore ha diritto a sospendere immediatamente ogni fornitura, anche se dipendente da altri contratti con lo stesso Compratore. Il mancato pagamento nei termini pattuiti comporta in ogni caso la decadenza del Compratore dal beneficio del termine.

## 8 - FORZA MAGGIORE

Qualora il Venditore sia impossibilitato a rispettare il contratto per cause di forza maggiore o comunque indipendenti dalla sua volontà, i termini previsti per l'esecuzione della fornitura sono automaticamente prorogati per un periodo equivalente al perdurare degli effetti di tali cause. Qualora la causa impeditiva continui per più di 6 mesi entrambe le parti possono chiedere la risoluzione del contratto ed in tal caso il Venditore restituisce al Compratore gli anticipi eventualmente ricevuti, con esclusione di ogni e qualsiasi onere ulteriore a suo carico.

## 9 - CONTROVERSIE

Il foro esclusivamente competente sarà quello di Treviso con esplicita esclusione di ogni altro foro alternativamente competente, e la legge applicabile quella italiana.

## 10 - PRIVACY

Le parti contraenti, ai sensi del D.Lgs. 30 giugno 2003, n. 196, dichiarano di procedere al trattamento dei dati personali per le finalità inerenti all'esecuzione del presente contratto e all'adempimento degli obblighi legali e contrattuali dallo stesso derivanti.
